

**The Virden Area Foundation is proud to present:**

## **Arts Mosaic Inc. Costume Closet Dressing Rooms**

For the past 40 years the Arts Mosaic has been a catalyst for the arts in the Virden Area. They manage an art gallery, provide arts education, oversee a scholarship and bursary program, manage The Costume Closet and an Artisans market. The Costume Closet has been a unique treasure on a national level. They have an extensive retro wardrobe that they provide to many groups as well as movie projects such as “A Dog’s Purpose”.

During the pandemic the Arts Mosaic felt it was crucial to update the dressing rooms and lighting in The Costume Closet. This was done to make much needed upgrades as well as to improve the safety standards in the building. The Virden Area Foundation provided a grant of \$11,500 to help make this project a success.

***The Virden Area Foundation is a charitable organization that brings together community-minded people to build a permanent endowment fund from which it supports community projects in the Virden area through the making of grants.***
