

The Virden Area Foundation is proud to present:

Elkhorn District Community Centre

The Board of the Elkhorn Community Centre looks after the operations of the arena facility and the ball diamonds in the community of Elkhorn. Several events are held in these facilities every year including the Rural Pee Wee Tournament of Champions. All events held in the arena require a great deal of volunteers, consisting of board members and community members.

In 2016 the Board started a project to replace the waiting room chairs. There were 46 chairs that were approximately 30 years old, many of which had torn cushions and bent armrests. The Virden Area Foundation donated \$5000 to this project. The new seats are now installed and look amazing.

The Virden Area Foundation is a charitable organization that brings together community-minded people to build a permanent endowment fund from which it supports community projects in the Virden area through the making of grants.
