

The Virden Area Foundation is proud to present:

Elkhorn Spray Park

The Elkhorn Memorial Park has been a huge part of the community of Elkhorn for years. The wading pool was the hub of summer fun for generations. Unfortunately time took its toll on the pool and the community began to look at how to restore the park to its former glory. The plans for a Spray Park were discussed and the project has since been completed.

The Virden Area Foundation is proud to have contributed \$5000 to the Spray Park, The Spray Park is an added attraction for the community and is bringing people to Elkhorn to enjoy the amenities there.

The Virden Area Foundation is a charitable organization that brings together community-minded people to build a permanent endowment fund from which it supports community projects in the Virden area through the making of grants.
