

The Virden Area Foundation is proud to present:

S.A.I.L. Kitchen Renovation

The S.A.I.L. program is committed to assisting seniors living independently within our community. S.A.I.L.'s purpose is to provide assistance to seniors such as the Congregate Meal Program at Princess Lodge in Virden and Elkview Lodge in Elkhorn, promotion and management of the lifeline system, health and wellness programs, household support and organizing transportation for shopping banking and appointments.

In July of 2017 a project to renovate the kitchen at the Princess Lodge was undertaken. The kitchen was too small and was difficult to prepare meals in an efficient manner. Recommendations were made for mandatory improvements and a new kitchen design was revealed.

The Virden Area Foundation is proud to have contributed \$20,000 to the Princess Lodge project. The project was completed in February 2018 and is being enjoyed by the residents of the Princess Lodge.

The Virden Area Foundation is a charitable organization that brings together community-minded people to build a permanent endowment fund from which it supports community projects in the Virden area through the making of grants.
